
64th Annual Conference for Protective Relay Engineers

Texas A&M University, College Station, Texas
Dr. B. Don Russell, Conference Chair

April 11 - 14, 2011

For updates and registration information, visit:

<http://engineering.tamu.edu/prorelay/>

Watch for full program announcement in January!

The Conference for Protective Relay Engineers provides a forum for engineers to discuss power system protection technologies and applications. Both tutorial presentations on fundamental concepts and papers on new technology are included.

Program will include:

- Tutorials on basic and current topics
 - Manufacturers' exhibits
 - New protection equipment descriptions
 - Relay application ideas and new concepts
 - Case studies and "horror stories" - when the relays worked and when they didn't!
-

IEEE
